SPORTING NEWS AND NOTES.

Many Events That Will Take

Place To-Day.

Babe Anson Takes First Place in the

National League.

Yesterday was an off day for baseball as far s the East was concerned. Babe Anson and

his prairie dogs took advantage of the luit ad entrenched themselves in first position,

defeating Cleveland by the score of 6 to 4.

The only other League game was that of

Pittsburg and Cincinnati, and the latter won

a hard fought battle by the score of 6 to 5. The standings of the clubs to date are as

The Yorkville Yacht Club started on its annual cruise last night, leaving the club-house at the took of East One Hundred and Second street at 8 r. w. They salled for Whitestone, where they dropped anchor until morning. They will spend about a week on the Sound.

The Varuna Boat Club are counting on hav-

The various Boat Club are counting on hav-ing a walkover in the double-scult race to-day at Philadelphia with the Metropolitans and Manhattans out of it, but they little dream of what the Philadelphia people have in store for them. It is said they have a couple of world beaters over there.

The Brooklyn Yacht Club are now off or their annual cruise. They sailed yesterday for Pleasure Bay, N. J. There were twenty two boats in the fleet.

A special race for naphtha launches is being held to-day under the auspices of the Ameri-can Yacht Club. The start will be from in front of the club-house at Miton Point and the course will be eight nautical miles, with a

* * *

The Union Croquet Club concluded their third annual Spring fournament yesterday afternoon at Central Park. First prize was won by Lucien W. Pullman, who won twenty games and only lost two.

The Middle States Regatta Association will hold a final meeting, for the opening of en-tries, and such other business pertaining to the regatta, Tuesday evening, July 7, at the Hotel Marlborough, Broadway and Thirty-etxh strees.

LAYING THE CABLES. Simulated by the place where they are neede from what only put in place and the street class read up possible.

One-Fifth, or Sixteen Blocks, of Broad way's New Hoad Completed.

Only Twelve Blocks Ready for the Third Avenue Cable.

But Contractor Wharton Will Push the Work Rapidly.

One-fifth of the Broadway Cable Railroad, One-fifth of the Broadway Cable Railroad, comprising the first section between Fifty-ninth and Forty-third streets, was completed this morning. The conduit along that streetch couplings, nuls, bolts, bars, scantlings, tall trees are litered with rails couplings, nuls, bolts, bars, scantlings, tall this morning. The conduit along that stretch is ready now to receive the cable.

The work has progressed beyond the expectations of the contractors, and if it could be carried on at that rapid rate below

ractors estimate to have the road finished. But many difficulties, not unforeseen, how ever, will be encountered on the lower sections. Traffic is heavier on lower Broadway. and provision will have to be made that if will not be interfered with. From Thirts fourth street down only single track excavations will, therefore, be made. The dirt will when one track is completed work on the other will be begun. In this way one half of

the street will always be available for traffi

But the main obstacle is the solid rock foundation on which New York stands, and nowhere is it more solid than along the line of the cable read on Broadway below Thirty-fourth street. Almost every foot of ground where excavations are being made has to be

Excavation is now in progress from Forty third to Twenty-ninth street. Steam drills are used all along this line. The process of dasting in this crowded thoroughfare, whe there are so many dangers to be guarded against, is interesting. The greatest care and caution is taken to protect life and property, especially plate-glass windows, and so far no

The method of construction on Third avenue differs slightly from that on the Broadway line. Both lines use a cement mixer for the concrete foundation, but on Third avenue there is in addition to the mixer a tunnel digger, which aids grently the work of excavation. orty-third street cable cars would be runing before Oct. 1, by which time the con-

the result is just the same. They put the same kind of fixtures into the pits, with manholes at a distance from each other of about thirty-five feet. In these manholes are pullers which connect with the wire rope or cable, so that if there should be a break in it at any time it can easily be reached.

There are 1,000 names on the pay-roll of the Third avenue cable confractors. The men are divided into two section gangs, and in a few days. Contractor Wharton told an Eventse Wonld reporter, several hundred more men will be added to the number. They will be placed at work below Forty-seventh street. Bection gang No. 2 is flow at work between Fitty-ninth and Forty-seventh streets. Betting the property of the prop

One of the novelties that Captain Powers, of the Riversides, will introduce this year will be the moonlight runs. He is getting up a good list of short runs, and there is no doubt that the members will appreciate his efforts by coming out in full

One of the most remarkable growths in athletic and social club life is found in the Senator Club. About one year ago they first came into motion, when it was announced that thisy had hired the Central Turn Verein Hall and intended giving one of the largest and most clitte affire ever held in this ofty. Since that line, through its enthusiastic and energetic efficers, it has rapidly gained pruffinence until now it boasts of forty members and handsome club-rooms.

A TRAGEDY OF ERRORS.

The Story of Mr. Jeffries's Jealousy and the Trouble It Caused.

It was after Mrs. Jeffries, still a young and pretty woman, was dressed for dinner, and known when they called on Sunday after sitting at the window with her embroidery that she saw a messenger-boy crawl up the street, stop to throw a stone at another boy, and finally rung her door-bell.

A moment after this, Bella, the wupstairs of the little heap and that I can endure such conduct? his Emma

which Emma Jane kept her tribes of face and ribbon and quilled mushin, and still saw nothing into the waste-paper and, as it has been at another boy, and anak into his seat and a black study again. A volley of shocking reproaches from the driver aroused him. He found the passentiated to go free on his none in a court of justice, and finally rung her door-bell.

Spreading out the wrinkles he put his glasses on his nose and read. And as he read his cheek grew pale, for those were the words:

"Decentified the driver. Mr. Jeffries methods as set under the box. Justice.

The wound was not perhaps a dangerous declaration, and ank into his seat and a black study again. A volley of shocking reproaches from the driver aroused him. He found the passentiate the first and anak into his seat and a black study again. A volley of shocking reproaches from the driver aroused him. He found the passentiate the driver aroused him. He found the passentiate.
